University of New England | Portland Campus

MAINE HARM REDUCTION CONFERENCE

Join a wide array of medical professionals, students, harm reductionists, social service workers, people with substance use experience past and present, law enforcement, and local community allies. This conference will offer workshops and presentations on various topics. Introductory, intermediate, and advanced tracks will be available.

Topics this year include:

- Reproductive Justice and Substance Use
- Naloxone Distribution in Maine
- Overdose Prevention Education
- Harm Reduction Basics
- Hepatitis C Transmission and Treatment
- Peer-Led Recovery and Pathways to Support
- Many more topics

Continue the conversation with *Ending the War on Drugs*, a day-long policy discussion with the Health Equity Alliance at Colby College, Waterville, on Friday, December 7, 2019.
